**What is the MST?**

The City's Municipal Services Tax funds our long-term program of street rehabilitation and fire prevention services, including:

- Maintaining, repairing and improving streets (safety curbing and striping, regular repaving of most-traveled streets, and improving less-traveled streets).
- Preventing wildfires by removing brush and vegetation, creating fire breaks, and improving emergency vehicle access.

The funds generated by this tax have improved the condition of city streets and storm drains, reduced fire hazards, and shortened emergency response times.
